TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

001 GENERAL:

001.01 Definitions: Section 75-302, Reissue and Revised Statutes of Nebraska 1943 sets forth definitions of terms which apply to motor carrier rules. In addition to those definitions, in this chapter, unless the context otherwise requires:

001.01A Agent means the Nebraska Interstate Registration Agent.

001.01B Commission means the Nebraska Public Service Commission.

001.01C Driveaway operation means transportation of any vehicle operated singly or in lawful combinations, new or used, not operated by the transporting motor carrier, and in which such vehicle is a commodity being transported.

001.01D Driver means any person who operates a motor vehicle.

001.01E ICC means the Interstate Commerce Commission.

001.01F ICC Exempt Carrier means a for-hire operator, either common or contract carrier who hauls for the general public those commodities which are classified as exempt under ICC rules.

001.01G ICC Motor Carrier means a motor carrier of passengers or property holding operating authority issued by the ICC or the Commission and includes ICC Exempt Carriers and ICC Private Carriers.

001.01H ICC Private Carrier means a motor carrier who transports property of which the motor carrier is the owner, lessee or bailee, such transportation being for the purpose of sale, lease, rent, bailment, or in the furtherance of any commercial enterprise other than transportation.

001.01I Law means constitutional and statutory provisions and rules and regulations adopted by this Commission.

001.01J Limousine means a vehicle used to provide limousine service.

001.01K Motor Carrier Act means Sections 75-301 to 75-322.04, R. R. S. 1943, as amended.

EFFECTIVE DATE: December 14, 2003

LAST ISSUE DATE: October 1989

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

001.01L NARUC means the National Association of Regulatory Utility Commissioners.

001.01M NPSC means the Nebraska Public Service Commission.

001.01N Official means an authorized representative of an applicant.

001.01O PSC Plate means a license plate which is issued by the Commission to holders of Commission authority.

001.01P Premium fare means a rate based on an hourly rental at or above a scheduled minimum rate, which shall be established and periodically reviewed by the Commission, and which shall include a minimum rental time of not less than one (1) hour. A mileage charge may be assessed for transportation of the vehicle only for such time before and after the transportation is provided and only in addition to the minimum hourly charge as provided by this definition.

001.01Q Short Term Lease means a lease with a duration of thirty days or less.

001.01R Vehicle means a self-propelled or motor driven vehicle operated by a motor carrier.

001.01S Within the borders means interstate or foreign to, from, within, or traversing this state.

001.01T R. R. S. means Reissue and Revised Statutes of Nebraska.

002 OPERATIONS RULES:

002.01 Unauthorized Operations: Unless exempted by statute, a motor common or contract carrier of property or passengers shall not operate any motor vehicle for the transportation of property or passengers for hire on any public highway in this state except in accordance with Chapter 75, articles 1 and 3 of the Nebraska statutes, as amended, and with the provisions of these rules. A motor common or contract carrier of property or passengers shall not operate upon any public highway without first having obtained from the Commission a certificate or permit of authority. A motor common or contract carrier does not avoid the jurisdiction of the Commission by engaging in a lease, unless so provided for by Commission rule 008. No carrier, without first obtaining Commission approval, shall:

002.01A Fail to operate over its entire certificated route.

002.01B Discontinue in any part service authorized.

002.01C Serve any part of its certificated route by interline agreement with another carrier.

002.01D Fail to confine its operations to those authorized under its certificate or permit.

002.01E Tack irregular route authorities nor shall it tack irregular and regular route authority. A motor carrier may tack regular route authorities.

002.02 Rates: Each motor carrier shall charge and collect rates, issue and deliver freight bills, and obtain receipts showing delivery of shipments carried, as prescribed by the Commission in its effective Motor Vehicle Tariffs, schedule of charges, resolutions, and supplements thereto.

002.03 Deviation: Motor carriers only under the circumstances described in 002.04 through 002.07 may deviate from their authorized routes without obtaining prior Commission approval.

002.04 Redesignated Highways: A motor carrier who is authorized to operate over a specified highway which is redesignated without relocation may operate over such redesignated highway.

002.05 Relocated Highways: A motor carrier who is authorized to operate over a specified highway which is relocated, may operate over the relocated highway and may serve as intermediate or off-route points those points previously authorized to be served from the previous highway location.

002.06 Detours: When any government official, in the valid exercise of his or her powers, temporarily prohibits the use of a highway or an overpass or underpass thereon, or when any highway, overpass or underpass is obstructed by any natural or other cause over which the motor carrier has no control, and consequently a detour has become necessary or has been designated by the Department of Roads, a motor carrier may use such detour in lieu of the closed or obstructed highway.

002.07 Interstate Highway: Any motor carrier may operate over the inter-

003.02 Classification Chart; Determination of Classification: In determining the nature or character of the operations of any carrier, the pattern of operations involved will be considered in its entirety by the Commission, together with the nature of the commodities transported, and the seasonal or other distinguishing characteristics of such commodities. Since the operations of an individual carrier may come within more than one classification, they will become subject to the applicable rules and regulations of every classification which identifies any part of a carrier's operations. The chart preceding 003.02 graphically illustrates the classifications designated by the Commission for the purpose of administering the "Motor Carrier Act". The analytical factors used to determine these classifications are:

003.02A The type of carrier;

003.02B The carrier's type of service; and

003.02C The type of commodities transported.

Each class is a composite of these three factors.

003.03 Type of Carrier: The first division on the chart identifies four

types of carriers:

003.03A Common carrier of persons or property;

003.03B Contract carrier of persons or property;

003.03C Exempt carrier; and

003.04D Transportation Cooperative.

003.04 Carrier's Type of Service: The second division on the chart identifies the type of service in which the carrier is engaged as determined by:

003.04A Regular route, scheduled service (Class A). A regular-route scheduled service is service by any motor carrier who undertakes to transport property or passengers in intrastate commerce by motor vehicle for compensation between fixed termini and over a specified highway or highways upon an established or fixed schedule.

003.04A1 In determining regular route operations, the Commission shall consider the following practices and characteristics:

003.04A1a Operation according to a predetermined plan or outline;

003.04A1b The movement of significant amounts of particular types of traffic;

003.04A1c The vigorous solicitation of a particular type of traffic and the offering of particular types of service;

003.04A1d The maintenance of significant termini devoted to, and designed for, the expeditious handling of certain types of traffic and the conduct of certain types of operation;

003.04A1e The habitual use of fixed routes;

003.04A1f Operation between fixed termini;

003.04A1g A distinct and constant regularity of the service given; and

003.04A1h The observance of definite or published schedules or their equivalent.

003.04B Irregular Routes:

003.04B1 Irregular route, radial service (Class B). An irregular-route radial service is service by any motor carrier who undertakes to transport property or passengers in intrastate commerce by motor vehicle for compensation over irregular routes from a fixed base point or points to places located within a radial area or from any place located within such radial area to the carrier's fixed base point or points.

003.04B2 Irregular route, non-radial service (Class C). An irregular-route non-radial service is service by any motor carrier which undertakes to transport property or passengers in intrastate commerce by motor vehicle for compensation over irregular routes between points as defined geographically, and any other points located within the same general territory without respect to a hub community or a fixed base point of operation.

003.04B3 In determining irregular route operations, the Commission shall consider the following practices and characteristics:

003.04B3a Operation conducted strictly on a call and demand basis;

003.04B3b The movement of truckload lots or other substantial shipments;

003.04B3c The selective solicitation of truckload lots or other substantial shipments;

003.04B3d The maintenance of terminals primarily at base points;

003.04B3e The use of unspecified routes; and

003.06O Non-Nebraska Based Interstate Private Carriers of Grain Operating Straight Trucks with Farm Plates Which Transport Grain to Points in Nebraska Within Five (5) Miles of the Nebraska State Border (Group 15).

003.07 Transportation Cooperatives:

003.07A Pursuant to Section 75-309.03, R. R. S. 1943, as amended, a transportation cooperative consisting of cooperative associations as defined in 12 U. S. C §1141j, as amended, may provide transportation service solely to its member cooperative associations without applying for or receiving a certificate or permit from the commission to provide such service if it meets the following requirements:

003.07A1 The transportation cooperative has no greater power or purpose other than to provide service to its member cooperative associations;

003.07A2 The transportation cooperative has its principal place of business in the State of Nebraska and has been incorporated under the laws of the State of Nebraska;

003.07A3 Each member cooperative association has its principal place of business in the State of Nebraska and has been incorporated under the laws of the state of Nebraska;

ownership of the transportation cooperative is vested in the member cooperative associations.

003.07A4a Indicia of ownership means: that the member cooperative associations have a definite responsibility for the operations of transportation undertaken by the transportation cooperative. The members shall share proportionately on the basis of patronage the obligations of operating a transportation cooperative, including, but not limited to, the obligations for the cost of insurance, the rent or the cost of purchasing equipment and buildings, and shall bear a share of any legal liabilities of the transportation cooperative. A cooperative association, if it wishes to have the services of such a transportation cooperative, must also share in the responsibilities and burdens that go with the operation of a transportation cooperative. Pursuant to the intent of Section 75-309.03 R. R. S. 1943, as amended, a cooperative association cannot obtain membership and, consequently, service, from a transportation cooperative unless a proportional share, based on patronage, of the obligations listed above are shared by the cooperative association;

003.07A5 The transportation cooperative provides transportation service solely to its member cooperative associations;

003.07A6 The transportation cooperative files a notice with the Commission identifying a new member cooperative association at least thirty (30) days prior to the provision of service to the new member;

003.07A7 The transportation cooperative maintains insurance coverage consistent with the Commission's requirements;

003.07A8 Employees and Leasing: Notwithstanding the

provisions of 008.04:

003.07A8a Each driver utilized by the transportation cooperative is exclusively the employee of the transportation cooperative;

003.07A8b The transportation cooperative does not directly or indirectly lease equipment from any employee of the transportation cooperative;

003.07A8c The transportation cooperative owns or has long-term leases for all equipment used by it to provide service and a copy of each such lease is filed with the Commission.

003.07A8 The transportation cooperative files an annual report for the preceding year with the Commission. The report shall be filed on October 15, 1989, and by April 30 each year thereafter. The report shall identify the transportation cooperative's members, the power units it owns, and the liability insurance coverage it maintains.

003.07B Each transportation cooperative formed after the effective date of this act shall file with the Commission a report containing all the information required to be filed under 003.07A8 at least thirty (30) days prior to the commencement of service to its member cooperative associations.

003.07C A cooperative association comprised of other cooperative associations may not qualify as a member of a transportation cooperative for the purpose of this section.

003.07D If a transportation cooperative operates as a for-hire carrier in violation of this rule and Section 75-309.03 R. R. S. 1943, as amended, the transportation cooperative shall no longer qualify to furnish transportation service and shall be subject to the penalties provided in Section 75-155 and Section 75-322.02 R. R. S. 1943, as amended for operating as a common or contract carrier without a certificate or permit.

004 FEES AND IDENTIFICATION:

EFFECTIVE DATE: December 14, 2003

LAST ISSUE DATE: October 1989

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

004.01 Annual Fees: An annual fee of twenty-five dollars for each motor vehicle operated or forty dollars for each truck-trailer or tractor-trailer combination as provided by Section 75-305, R. R. S. 1943, is due and payable by every carrier subject to Commission jurisdiction on the first day of January each year, and is delinquent on the first day of March each year.

004.02 Identification Cards: The following provisions concerning identification cards apply to all motor carriers:

004.02A Issuance: The Commission shall issue annually, without charge an identification card for each motor vehicle, upon payment of an annual fee, and upon compliance with all statutory requirements and rules and regulations of the Commission. The card will contain the certificate or permit number, the name and address of the holder, and other information as the Commission may require. Upon replacement or addition of any vehicle, a new identification card will be obtained by the motor carrier by application to the Commission and the previously issued card will be surrendered to the Commission.

004.02B Display: No motor vehicle subject to Commission jurisdiction will be operated without an identification card, protected from defacement, in the driver's cab.

004.03 PSC Plates: The following provisions concerning PSC plates apply to all motor carriers:

004.03A Issuance: The Commission shall issue PSC plates to motor carriers who have complied with all statutory requirements and rules and regulations of the Commission, and who have completed and filed copies of the forms furnished by the Commission in duplicate to provide a detailed description for each unit for which a PSC plate is required.

004.03B Display: No vehicle will be operated without the secure attachment of its PSC plate in the following manner:

004.03B1 On passenger carrying units at the rear of the vehicle, and easily legible from the rear.

004.03B2 On power units on any portion of the front part, preferably to the regular vehicle license so as to be easily

004.03B3 On straight trucks and vehicles with no more than two axles on either the front or rear so as to be easily legible.

004.03C Transfer: A transferee or lessee of a certificate or permit may use the PSC plates of the transferor or lessor for the remainder of the calendar year, without payment of an additional fee for use of the plates, upon approval in writing by the Commission after the transferee or lessee has applied to the Commission for the approval, and has given the Commission a full, written description of the equipment to which the PSC plates are to be transferred and any other relevant information requested by the Commission. The plates will be used only on the specific equipment to which they are assigned.

004.03D Loss: If a plate is lost or destroyed, such loss or destruction will be reported to the Commission within 48 hours after the discovery of such loss. A substitute plate may be obtained upon making request therefor, upon filing an affidavit setting forth the time, place and circumstances surrounding the loss or destruction, and upon payment of \$1.00.

004.03E Revocation: Upon suspension, cancellation, or revocation of a certificate or permit, or upon sale, transfer, or other disposition of equipment to which a PSC plate has been assigned, the plates will be returned to the Commission within 10 days, except as provided in Section 004.03C.

004.04 Door Displays: The following provisions concerning door displays apply to all carriers subject to the jurisdiction of the Commission:

004.04A Contents: The name, or trade name, of the carrier under whose authority the vehicle is being operated, and the Commission application number assigned to the operating authority, excluding supplement numbers, will be displayed on both doors or sides of each powered vehicle. If the name of any person other than the operating carrier appears on a vehicle, the name of the operating carrier will be followed by the information required in this section and be preceded by the words "operated by". Additional identification may be displayed if it is consistent with the above requirements.

004.04B Size and Color: Each door display will be legible at all times. The application number will be at least 3" high. The color scheme of the display will be in distinct contrast to the background color of the cab door.

004.04C Removal: Any numeral or letter painted on equipment in accordance with this section will be removed by the carrier when possession or ownership changes, or when a different carrier operates such equipment.

005 SAFETY REGULATIONS:

005.01 Minimum Qualifications: Each person driving a motor vehicle subject to Commission jurisdiction shall possess the following minimum qualifications, except as provided in Section 005.19:

005.01A Sound physical and mental condition with no mental, nervous, organic, or functional disease or structural defect or limitation likely to interfere with safe driving.

005.01B Sight with visual acuity of at least 20/40 (Snellen) in each eye either without glasses or by correction with glasses; form field of vision in the horizontal meridian of not less than a total of 140 degrees; ability to distinguish colors of red, green, and yellow; and correct glasses, when required, while driving.

005.01C Adequate hearing not less than 10/20 in the better ear for conversational tone without a hearing aid.

005.01D No addiction to the use of narcotics or habit-forming drugs nor the excessive use of alcoholic beverages or liquors.

005.01E Not less than 18 years of age, except as otherwise provided by statute.

005.01F Obtain and be in possession of a valid operators license appropriate for the vehicle being operated.

005.01G Ability to read, speak and understand the English language

005.02 Medical Certificate: Each motor carrier shall have in its files a certificate of physical examination signed by a licensed physician for every driver in its employment, attesting that the physician has examined the driver

and found him to meet the requirements in 005.01 of this article. Such certificate will be renewed at least every four years. Physical certificates obtained pursuant to regulations of the Interstate Commerce Commission meet the requirements of this section.

005.03 Impaired Alertness: No driver shall drive a motor vehicle while his or her alertness is impaired through fatigue, illness, or any other cause.

005.04 Alcohol and Drugs: No driver shall drink alcoholic beverages while on duty nor drive while under the influence of alcohol or drugs, or any combination thereof.

005.05 Hours of Service: No driver shall drive a motor vehicle for more than 10 aggregate hours in any consecutive 24-hour period, unless such driver be off duty for 8 consecutive hours immediately following the 10 hours aggregate driving. In an unforeseen emergency, a driver may drive a vehicle to complete a run, if the run could have been completed within 12 aggregate hours under normal conditions.

005.06 Form: A logbook in the form MCS-59 as required by the United States Department of Transportation in Section 395.8 of Federal Motor Carrier Safety Regulations, will be maintained by each driver traveling more than 100 road miles from the garage or terminus at which he or she reports for work.

005.07 Filing: The original copy of each day's logbook sheet for each over-the-road driver will be kept on record at the home office or base of operations of each motor carrier in the State of Nebraska for not less than one year. The copies will be filed according to the date of the logbook sheet, and all filings will be available for examination by an Inspector of this Commission, upon proper identification.

005.08 Maintenance By Driver: Each over-the-road driver shall:

005.08A Maintain a logbook within the vehicle that he or she drives;

005.08B Enter each required entry within a reasonable amount of time not exceeding four hours;

005.08C Maintain each sheet in duplicate with the original turned in to the proper company official and the duplicate retained in the book;

005.08D Retain duplicate copies for not less than the preceding 10 days in his or her possession while on duty, subject to inspection by

a Commission inspector.

005.09 Operation; Rules of the Road: Every motor vehicle within the jurisdiction of the Commission will be equipped, repaired, maintained and operated as required by the Nebraska laws pertaining to the rules of the road as prescribed in Chapter 39, Article 6 R. R. S. 1943, and the amendments thereto.

005.10 Inspection: Each motor carrier shall systematically inspect and maintain all motor vehicles used for hire and the accessories and safety appliances mounted thereon to ensure that the motor vehicles and accessories are in safe and proper operating condition.

005.11 Driver Responsibilities: No driver or any employee of a motor carrier shall:

005.11A Fuel a motor vehicle with the engine running, except when it is necessary to run the engine to fuel the vehicle;

005.11B Smoke, or expose any open flame in the vicinity of a vehicle being fueled;

005.11C Fuel a motor vehicle unless the nozzle of the fuel hose is continuously in contact with the intake pipe of the fuel tank;

005.11D Permit, insofar as practicable, any other person to engage in such activities as would be likely to result in fire or explosion.

005.12 Inspection of Equipment: The Commission may at any time inspect, or cause to be inspected, any vehicle subject to its jurisdiction. The inspections may be conducted either at the motor carrier's base of operations, or at any point or place, on or along any roadway in this state; provided, that inspections of passenger carrying vehicles will not impede, hinder, or delay the schedule upon which such vehicle is operating. During the conduct of such investigation the person inspecting may examine the driver's credentials, manifests and bills.

005.13 Vehicles "OUT OF SERVICE": Any person duly authorized by the Commission may mark "OUT OF SERVICE" with the prescribed sticker, any vehicle which in his or her judgement is unsafe to operate because of defective parts and accessories, as set out in 005.13A through 005.13J4. Such vehicles will not be operated until the required repairs have been satisfactorily completed and such sticker removed. No person shall remove an "OUT OF

SERVICE" sticker from a vehicle prior to the completion of the required repairs. When such repairs have been made, the carrier shall so certify to the Commission. The following conditions will warrant application of an "OUT OF SERVICE" sticker:

005.13A Engine: The vehicle cannot start operating within 10 minutes without the use of equipment or materials not normally carried on the vehicle, unless such failure is caused by a faulty battery.

005.13B Steering Mechanism:

005.13B1 Turning: The steering wheels are incapable of being turned from full-right to full-left because of interference by parts of the steering mechanism.

005.13B2 Steering Wheel Play: The steering wheel turns more than 40 degrees without associated movement of the front wheels.

005.13B3 Steering Column: Any absence or looseness of bolts or positioning parts so as to permit motion of the steering column from its normal position.

005.13B4 Steering Box Attachment: Any absence or looseness of bolts or other parts so as to permit motion of the steering box at the point of attachment to the vehicle frame.

005.13B5 Ball and Socket Joints: Any looseness at any ball and socket joint in the steering linkage in excess of one-half inch measured in alignment with the shank or neck of the ball.

005.13B6 Fastening or Locking Parts: Any absence or looseness of fastening or locking parts in any part of the steering mechanism.

005.13B7 Front Wheel Play: The play about either a horizontal or vertical axis of either front wheel exceeds one inch measured at the tread surface of the tire.

005.13C Brake Systems:

005.13C1 Stopping: The vehicle or combination fails to meet the requirements of Section 39-6,113 and 39-6,134(1) R. R. S. 1943.

005.13C2 Missing or Inoperative Brakes: Brakes missing or not operating on any wheel of any vehicle except the front wheels of trucks or truck-tractors having three or more axles and except wheels of one steerable axle of trucks or truck-tractors equipped with two or more steerable axles.

005.13C3 Equalization: The braking force developed on any wheel is less than one half the braking force developed on the opposite wheel of the same axle.

005.13C4 Hoses, Tubing, Piping, and Connections:

005.13C4a Any brake hose is worn, charred, cut or cracked through the outer casing and through one ply of fabric.

005.13C4b Any brake hose or brake tubing, or brake piping has an audible leak, bulge, or restriction.

005.13C4c Any brake system connection has an audible leak.

005.13C5 Lining: Any service brake lining is missing, cracked through across the face or pulling away from the brake shoe.

005.13C6 Drums: Any crack is visible on the exterior of any brake drum extending more than one half the width of the frame.

005.13C7 Reservoir Pressure: Beginning at governor cut-in pressure, with the engine running at idling speed and all air service brakes fully applied, the reservoir pressure drops more than 10 pounds per square inch at the end of three minutes, or with emergency line disconnected, a trailer brake

air system leaks audibly.

005.13C8 Vacuum System:

005.13C8a Beginning with the vacuum braking system of the towing vehicle or single vehicle at atmospheric pressure and the trailer brake connections, if any, closed, the engine is started while moderate pressure is maintained on the brake pedal, and the brake pedal fails to move giving an indication that the vacuum system is not in working order.

005.13C8b With all vacuum brakes fully applied, and the trailer brake connections open (if a trailer is connected) and the engine operated long enough to reach constant vacuum, and then stopped, the brake application cannot then be maintained for at least five minutes without brakes releasing.

005.13C9 Brake Chamber Leaks: Any brake chamber leaks or is not securely mounted.

005.13C10 Hydraulic System:

005.13C10a On mechanical or hydraulic brake systems, the pedal continues to move forward and downward when applied with uniform foot pressure; or

005.13C10b The service brake pedal first meets firm resistance at a point closer to the floor-board or other fixed obstruction to pedal travel less than 20% of the total pedal travel from released position when measured in a straight line.

005.13C11 Parking Brake:

005.13C11a Any mechanical part of the parking brake missing, broken, or disconnected.

005.13C11b Parking brake is not capable of lock-

005.13C11c Parking brake mechanism, when fully applied, does not hold in the applied position without manual effort.

005.13D Lighting Devices, Reflectors, and Electrical Equipment: During the period of one-half hour after sunset to one-half hour before sunrise or during any other time when there is not sufficient light to render clearly discernible persons and vehicles on the highway at a distance of 500 feet:

005.13D1 Headlamps: More than one filament in the headlight system is inoperative.

005.13D2 Lamps on Rear: There are not at least two lighted red lamps, other than stop lamps, and at least one operative stop lamp on the rear of the vehicle visible from a distance of 500 feet.

005.13D3 Lamps on Projecting Loads: There are not at least two lighted red lamps, or reflectors on the rear of loads projecting four or more feet beyond the vehicle body.

005.13D4 Reflectors on Rear: There is not at least one red reflector on the rear of the vehicle mounted at a height of not less than 24 inches or more than 60 inches above the ground or as near thereto as the configuration of the vehicle permits.

005.13D5 Electrical Wiring:

005.13D5a Electrical connections made by twisting wiring together, or

005.13D5b Wiring not protected by non-metallic tape, braid, or other covering capable of withstanding abrasion, or

005.13D5c Wiring not sufficiently supported,

005.13E Tires:

005.13E1 Wear:

005.13E1a Wear of any tire exceeding four outer textile plies, or

005.13E1b More than one tire on any dual tire installation having one or more plies showing, or

005.13E1c Any tire containing an unvulcanized blowout patch or boot.

005.13E2 Cuts: Any single tire or both tires on a pair of duals cut through three or more layers of fabric, the cut being four inches or more long at the third layer.

005.13E3 Flats: Any tire on any wheel flat or having an audible leak.

005.13E4 Steering Axle: Any tire on any steering axle of a single vehicle or towing vehicle in which any part of a carcass ply is showing in the tread, or the sidewall.

005.13F Wheels and Rims:

005.13F1 Loose or Cracked: Any rim, wheel, or wheel flange that is loose or cracked.

005.13F2 Bolts, Nuts, and Lugs: More than one-fourth of the bolts, or the nuts, or the lugs for attaching the wheels to the hub or the rim to the wheel are missing, loose or defective.

005.13G Exhaust Systems: Exhaust system is not securely fastened or has visible or audible leaks to a point near or above the passenger or driver compartment.

005.13H Fuel Systems: Gasoline or liquefied petroleum gas fuel system has a leak at any point.

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

005.13I Coupling Devices and Adjustable Axle Assemblies:

005.13I1 Tow-bars, Adjustable Fifth Wheel, and Adjustable Axle Assembly, Locking Devices: Tow bars, adjustable fifth wheels, or adjustable axle assemblies lack one or more locking devices, or any such locking devices are not properly fitted.

005.13I2 Fifth Wheel, Tow-Bar and Axle Play:

005.13I2a Play lengthwise the vehicle exceeds one inch between the upper and lower fifth wheel halves.

005.13I2b Where provision is made for adjustment of a fifth wheel lower half, tow-bar, axle or tandem axle, or tandem axle assembly, relative to the vehicle frame, there is more than one half inch of play lengthwise of the vehicle in any adjustment when locked or latched in position.

005.13I3 Fifth Wheel Mounting: Fifth wheel mountings include bolts, nuts and brackets, but not including adjustable features, which are loose, worn, or broken so as to permit observable relative motion between the fifth wheel mounting and the frame of the vehicle.

005.13I4 Fifth Wheel and Tow-bar Cracks or Breaks: Cracks or breaks are in the tow-bar or the fifth wheel, except the horns.

005.13J Suspension:

005.13J1 Axle Positioning Parts: Torque arms, U-bolts, spring hangers or other axle positioning parts are cracked, broken, loose, or missing so as to permit displacement of an axle from its normal position.

005.13J2 Leaf Spring Assembly: One-fourth or more of the leaves in leaf spring assemblies are broken or missing, or the main leaf depended upon for positioning the axle is broken.

005.13J3 Torsion Bar Assembly: Any part of the torsion bar assembly or any part used for attaching the torsion bar to the vehicle frame or axle is cracked, broken or missing.

005.13J4 Torsion Bar: Any torsion bar is broken or has a crack extending cross-wise on the bar, either directly or inclined, to an extent of one half its diameter or more.

005.14 Minor Defects: Minor defects, not likely to endanger any life, limb or property, may be corrected by the maintenance staff of the carrier, the vehicle being allowed to continue to its destination and such corrections or defects being verified as corrected by the carrier, manager, or agent, on the reverse side of the original inspection form, where such provision is made. Such inspection form will be mailed to the Commission within the allotted time given on the face of the inspection form.

005.15 Appeal By Carrier: A carrier when notified by a commissioner, examiner or inspector, in writing, that a motor vehicle has been declared and marked "Out Of Service" under the provisions of 005.13 may, before the close of the first business day following the date of such notice, appeal by telegraph to the Commission, and upon receipt of such appeal, the Director of the Motor Transportation Department of the Commission shall arrange for the assignment of an inspector to reexamine and inspect said vehicle within 24 hours from date of receipt of the appeal. If upon reexamination, the motor vehicle is found in serviceable condition, the Commission shall immediately notify the carrier, at the carrier's expense, by telegraph, whereupon the motor vehicle may be put into service without further delay. If the reexamination and inspection of the motor vehicle sustains the decision of the commissioner, examiner or inspector, the Director shall at once notify the carrier owning or operating the vehicle that the appeal from the commissioner, examiner or inspector is dismissed, and upon receipt of the notice the carrier shall immediately make the necessary repairs as to warrant removal of the "OUT OF SERVICE" sticker, and shall certify the repair to the Commission.

005.16 Explosives or Other Hazardous Materials: The following provisions shall apply only to carriers of explosives or other hazardous materials:

EFFECTIVE DATE: December 14, 2003

LAST ISSUE DATE: October 1989

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

005.16A Leaving Vehicle Unattended: Motor vehicles transporting hazardous materials and explosives will not be left unattended upon any public street or highway except when the driver is engaged in performing normal operations incident to his or her duties as the operator of the vehicle to which he or she is assigned.

005.16B Congested Areas: Motor vehicles transporting explosives or other hazardous materials will be driven so as to avoid so far as practicable and, where feasible, by prearrangement of routes, congested thoroughfares, places where crowds are assembled, street car tracks, underpasses, viaducts and dangerous crossings. Except where the necessities of operation make impractical the application of this rule, no motor vehicle transporting explosives will be parked, even though attended, on any public street, adjacent to or in proximity to any bridge, tunnel, dwelling, building, or place where persons congregate, work or assemble.

005.16C Fueling: Except for fuel containers for diesel engine fuels, the fuel tank on any motor vehicle in which is to be transported explosives, flammable liquids, flammable compressed gases or poisonous gases will be suitably filled prior to commencement of transportation and subsequent refuelings will be reduced to the minimum number necessary. If the engine is provided with an electric ignition system, it will be turned off and the engine stopped during the refueling process.

005.16D Fires Along Highway: Motor vehicles transporting explosives or other hazardous materials will not be driven past fires of any kind burning on or near the highway or street until after having taken due caution to ascertain that passing can be safely made.

005.16E Equipment: Each motor vehicle transporting explosives will carry the following equipment:

005.16E1 Two fire extinguishers of the kind and type prescribed by the Nebraska State Fire Marshal.

005.16E2 Fireproof gloves and a fireproof blanket for use in combating tire fires.

005.16E3 Suitable tools such as a jack and handle and lug wrench to enable the driver to remove a wheel from the loaded

vehicle.

005.16F Distance on Highway: Motor vehicles transporting explosives and other hazardous materials will not be driven closer than 600 feet behind another moving vehicle; however, this rule will not be construed to prevent overtaking and passing another vehicle provided caution is used in such passing.

005.17 Passenger Carriers: The following provisions apply only to Group 11 carriers:

005.17A Refusal to Carry: No driver of any vehicle transporting passengers shall refuse to carry any person offering himself or herself for carriage at any time at any regular stopping place, who tenders the regular fare to any regular stopping place on the route of said carrier, or between the termini thereof, unless at the time of such offer the vehicle is fully occupied, or unless the person refused is intoxicated, diseased, or acting in a boisterous or disorderly manner.

005.17B Trailers: Unless authorized specially by the Commission, no carrier transporting passengers shall operate a vehicle with any trailer or other vehicle attached thereto, except in case a vehicle becomes disabled while on a trip and unable to run by its own power, such disabled vehicle may be towed to the nearest point where repair facilities are available.

005.17C Aisles: Drivers shall at all times keep the aisles, from front to rear, of their buses free from obstructions of any kind, and shall not permit passengers to ride on any part of the vehicle other than the seats, except when an emergency occurs and the driver deems it necessary to seat or stand passengers in the aisles. Such passengers shall not be allowed to stand in front of a two inch wide white line which shall be painted on the floor of each vehicle immediately behind the driver's seat. Each vehicle will have a notice visible at the front of the vehicle that passengers must remain behind the white line.

005.17D Heating: Vehicles used to transport passengers will be equipped with a heating system sufficient to keep the vehicle comfortable for its passengers, and not less than 60 degrees

Fahrenheit at all times.

005.17E Lighting: Vehicles will be equipped with lights of not less than two candle power within the vehicle and so arranged as to light up the whole of the interior, except that portion occupied by the driver.

005.17F Emergency Exit Doors: All buses with a seating capacity of eight or more passengers will have emergency exits either in the form of push out windows, or a door on the opposite side from the regular entry, or at the rear of the vehicle. The door will be equipped with a latch which may be readily operated in an emergency. There will be no obstructions, either inside or outside which would prevent the door being opened. The exits will be easily accessible to passengers.

005.17G Emergency Equipment:

005.17G1 An intercity bus may voluntarily carry a first aid kit.

005.17H Recapped Tires: Intercity vehicles will not be equipped with recapped tires on the front wheels.

005.17I Hazardous Materials: No motor carrier, its agents, officers, or employees, shall suffer or permit any explosives, volatile, other materials hereinafter specified, to be carried by any passenger carrying motor vehicle in such quantities so as to in any way increase the risk or safety of any passengers, liquid nitrogen, dynamite, nitrocellulose, fulminate of mercury, fireworks, fire-crackers, torpedoes, high explosives, black, brown or smokeless powders, ammunition, explosive projectiles, blasting caps, detonating fuses, primers, time fuses, hydrochloric acid, nitrating acid, sulphuric acid, liquefied petroleum gas, matches in commercial quantities, burnt cotton, calcium phosphide, carbon bisulphide, celluloid scraps, chloride of sulphur, distillate in packages, naphtha in packages, gas, oil, petroleum oil in packages, phosphorous, picric acid, metallic and sulphide potassium, proxylin solution, metallic peroxide, and sulphide sodium, liquid bichloride of tin, trinitretuluol; provided sufficient reserves of gasoline and oil will be permitted to be carried for the proper operation of the motor vehicle.

005.17J Power of Attorney: Each carrier who transports passengers

shall have on file with the Commission, a power of attorney in the prescribed form, appointing the Executive Secretary of the Commission as attorney in fact for such carrier, authorizing service on him of summons to such carrier in any case in any court in Nebraska, either state or federal, in connection with accidents arising out of the operation of the motor vehicles of the carrier, the service will be made on the Executive Secretary in person or by registered or certified mail, return receipt requested, and have the same force and effect as though made personally on the carrier.

005.17K Timetables: Each carrier who transports passengers shall file with the Commission prior to commencing operations, a time-table or schedule showing the time of arrival and departure of its vehicles at each point on the route, and the number of trips made daily. When any change is made in the table, or schedule, a new table or schedule shall be filed with the Commission. All time schedules or revisions therefor will be filed with the Commission not less than ten days prior to the proposed effective date, unless otherwise specifically authorized by the Commission. No time schedule or revision thereof will be effective until approved by the Commission, except that schedules filed by interstate carriers will become effective according to the rules of the ICC.

005.18 Voluntary Safety Inspection:

005.18A Voluntary Safety Inspection Program: To supplement the Commission's inspections and pursuant to the provisions of 005.12 above, motor carriers may subject their vehicles to a voluntary safety inspection program conducted by authorized voluntary safety inspection stations. Each vehicle inspected under this program will be issued a Commission safety inspection sticker valid for 12 months. The term vehicle as used herein shall mean and include straight trucks, truck tractors, and trailers.

005.18B Application for Designation as Voluntary Safety Inspection Station: Upon written application to the Commission all vehicle maintenance facilities that have been inspected and found to be in compliance with the criteria set forth below will be designated by permit as voluntary safety inspection stations and will be authorized for 12 months to conduct voluntary safety inspections and issue Commission safety inspection stickers. The inspection station will:

005.18B2 Maintain adequate maintenance facilities in accordance with 005.18E Space Requirements.

005.18B3 Maintain adequate equipment and tools to conduct an inspection to ensure that defects specified in 005.13 - 005.14 do not exist in a vehicle.

005.18B4 Employ and utilize only trained personnel as provided in 005.18M5 and who can identify the defects specified in 005.13 - 005.14 and who are also cognizant of all other vehicle safety and equipment requirements of the State of Nebraska and the United States Department of Transportation.

005.18B5 Complete and maintain complete records of all safety inspections conducted for a period of 12 months thereafter utilizing Commission issued forms.

005.18B6 Issue and attach the Commission safety inspection sticker to a vehicle after it has been found to be free of all defects specified in 005.13 - 005.14. The sticker shall be affixed to the lower inside of the left corner of the windshield or on the back of the rear view mirror of trucks and truck-tractors and to the left front corner of each trailer. Duplicate stickers will be issued for stickers lost, defaced, or for windshield replacement. Request for replacement may be made to the original issuing station or the Commission. Application shall be made in duplicate on a form, the original to be mailed to the Commission, the duplicate to be retained in the vehicle as proof to law enforcement officials of having applied for duplicate sticker.

005.18B7 Advise the vehicle operator before the inspection if an inspection charge is to be made. A maximum charge of \$5.00 per vehicle may be made to cover inspection costs.

005.18B8 Permit access to all pertinent records, personnel, and facilities and submit to inspections by the

Commission to ensure compliance with the criteria set forth herein.

005.18B9 Comply with all applicable directives and instructions issued by the Commission.

005.18B10 Upon going out of business or upon revocation, immediately return to the Commission the permit with all unused inspection stickers, final reports of inspections, and all other forms issued by the Commission.

005.18B11 Report changes in name, ownership, or location of any official inspection station.

005.18C Renewal of Permit as Voluntary Safety Inspection Station: Proprietors of voluntary safety inspection stations may renew permits for additional 12-month periods by application to the Commission and by compliance with the other requirements of the Commission for such renewal.

005.18D Non-Exemption: Submission by a vehicle owner or operator of a vehicle to this voluntary safety inspection shall not exempt such vehicle from Commission inspection pursuant to 005.12.

005.18E Space Requirements: Each inspection station shall:

005.18E1 Provide space 30 feet long when using head lamp tester and 26 feet plus length of vehicle when using a head lamp testing screen.

005.18E2 Be in a permanent-type building with at least two permanent walls and permanent roof. Temporary expedients such as tents, arbors, or sheds are not acceptable.

005.18E3 Have an inspection area which is level, hard-surfaced, and of any material except dirt or hot-mix. A wood floor which sags under the vehicle weight is not acceptable.

005.18E4 Provide the floor space required in addition to space used for washing. A lubrication area and lift may be used if approved.

005.18E5 Not be tied up with repairs and should be readily

available to an operator desiring to have a vehicle inspection.

005.18E6 Be free of all obstructions that would interfere with inspections.

005.18E7 Be kept reasonably clean at all times and required painted lines or track must be maintained.

005.18E8 Provide a headlight aiming area marked as required.

005.18E9 Keep equipment and tools which are to be used in the inspection in the approved inspection area.

005.18F Equipment Requirements: Selection of brand name of tools to be used in performing the required inspection will be left to the inspection station manager; however, the Commission inspector may refuse to approve any equipment that, in his opinion, will not fulfill the requirements of the inspection program. All literature supplied by the equipment manufacturer pertaining to the calibration, repair, care, and instruction for use, shall be retained and supplied upon request of the inspector. Calibration equipment shall be purchased by the inspection station operator.

005.18G Headlights:

005.18G1 The headlight aimer screen will be of approved type. The area will be marked by a 4 inch by 8 feet line, over which vehicle head lamps will be positioned for aiming, 25 feet from the screen.

005.18G2 Mechanical aimer area will be marked with a 4 inch by 8 feet line, over which the vehicle head lamps must be positioned for aiming. The aimer will be calibrated for this specific area. The degrees of floor slope will be written in the front of the inspection manual so that the local inspector may refer to it readily. Headlight aimers will be calibrated to that degree of slope. Aiming or testing will be done in that area only.

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

005.18G3 Photometric aimers will be track-type, and the track shall be securely attached to floor and level. Aimers will be calibrated for the area in which they are installed.

005.18G4 When an inspection is made on a lubrication rack, drive-on type, the rack will be marked so that the vehicle is positioned properly each time. Stations equipped with frame or suspension-engaging-type lifts will have positioning marks clearly designated and the vehicle will be properly positioned on marks for testing or aiming. Frame or suspension-type lifts utilizing positioning pads securely attached to floor will not be required to have position line painted on the floor; however, care will be taken to properly position the vehicle on positioning pads before aiming or testing head lamps. Aimers will be calibrated to the exact position.

005.18H Ball Joints:

005.18H1 A ball joint checker and a suitable type floor jack shall be used to properly unload all ball joints.

005.18H2 A dial indicator will be required for more accurate checking of ball joints.

005.18I Tread: A tire tread depth measuring device will be used to check tire treads.

005.18J Ink: A ball-point pen or indelible-ink pen will be used to complete the information on each sticker certificate. Pencil shall not be used.

005.18K Sticker Removal: Expired stickers will be removed from windshield.

005.18L Hand Tools: All necessary hand tools and equipment for making tests, repairs, and adjustments ordinarily encountered in making vehicle inspections shall be provided by the station.

005.18M Manager: A voluntary safety inspection station manager shall:

005.18M1 Be at least 17 years of age.

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

005.18M2 Have successfully managed for at least one year a motor vehicle service business, and held during that time a reputation for sound business ethics and integrity.

005.18M3 Possess high standards and respect for law and order in full compliance with the rules and regulations governing the Voluntary Safety Inspection Program.

005.18M4 Upon application for designation as an official voluntary safety inspection station, pledge as follows:

005.18M4a Will act as directed by the Commission in inspecting vehicles in accordance with the rules and regulations.

005.18M4b Will see that employees are thoroughly familiar with the rules and regulations governing the inspection program and related state and federal rules.

005.18M4c Will use only employees in doing inspection that have performed a complete and thorough inspection for a Commission inspector.

005.18M4d To maintain in good working order all required tools and equipment prescribed in the minimum requirements. To cease operation immediately when this condition is not met.

005.18M4e To keep an up-to-date set of inspection records legibly and properly filled out at the inspection station which can be examined by the authorized inspector of the Commission at any time for at least one year from the date recorded.

005.18M4f If the voluntary safety inspection station fails to comply with any of the above-listed responsibilities it may lose its station permit.

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

005.18M5 Assign only competent personnel to perform vehicle safety inspections who shall:

005.18M5a Be at least 17 years of age.

005.18M5b Possess a valid driver's license.

005.18M5c Have at least one year of practical mechanical experience, be a graduate of an automotive technical school.

005.18M5d Have respect for law and order and full compliance with the rules and regulations of the inspection program.

005.18M6 Maintain an inspection manual in an up-to-date condition at all times which will be available to personnel performing inspections.

005.18M7 Maintain inspection equipment grouped or displayed at the approved inspection area at all times.

005.18N Station Approval: No application will be approved or renewed for an official inspection station until all permit and minimum station requirements have been met. A Commission inspector will make the follow-up checks of the premises and equipment, and at the inspector's discretion, will require inspections to be performed in their presence to prove that the station has competent personnel to perform inspections.

005.18O Vehicle Destruction: Each vehicle which is dismantled or junked will have its stickers removed and destroyed at the time subject vehicle is removed from service. The last registered owner shall be responsible for the destruction of the inspection sticker.

005.19 Department of Social Services Transportation Providers: A Department of Social Services (hereinafter referred to as "Department") contractor who is not certificated or otherwise exempt, providing transportation for Department clients must certify on a form provided by the Commission that they meet the minimum driver standards, insurance requirements, and equipment

standards prescribed by the Commission.

005.19A Driver Requirements: A Department transportation provider must certify that:

005.19A1 The person is the individual who will personally drive the vehicle in question.

005.19A2 The person is at least 19 years of age or an emancipated minor.

005.19A3 The person possesses a current driver's license issued by any state.

005.19A4 The person has knowledge of Nebraska state and local traffic rules and rules of the road as prescribed in Chapter 39, Article 6, R. R. S. 1943.

005.19A5 The person has no more than three points assigned against their driver's license.

005.19A6 The person will not smoke while transporting passengers, except with their permission.

005.19A7 The person is competent to conduct the service carefully and dependably.

005.19A8 The person has no addiction to the use of narcotics or habit-forming drugs, nor the excessive use of alcoholic beverages or liquors.

005.19A9 The person is of sound physical and mental condition, with no mental, nervous, organic, or functional disease or limitation likely to interfere with safe driving, or communicable disease which may pose a threat to the health and well-being of the passengers.

005.19B Insurance Requirements: A Department transportation provider must maintain the minimum automobile liability and medical insurance coverage as required by state law.

must certify that:

005.19C1 The person has current plates and registration in Nebraska or another state.

005.19C2 The person will ensure that each vehicle shall, at all times, be kept in proper physical and mechanical condition so as to provide safe and comfortable service, including, but not limited to, operable seat belts, turn signals, lights, and horn; child passenger restraint devices as required by law; and comfortable temperature and ventilation conditions.

005.19D Self-Certification: All such self-certification filings shall be made with the Commission and filed for record and be available for public inspection during the regular business hours of the Commission. Such filings shall be continuous in nature unless cancelled by the Department.

005.19E Vehicles "Out of Service": If a driver or vehicle is found to be in violation of any of the requirements and standards enumerated above, the vehicle may be ordered out of service for deficiency correction by any person duly authorized by the Commission to so act; and the vehicle shall not resume operation until the deficiency is corrected. Any deficiencies found in the driver's qualifications or equipment shall be immediately referred to the attention of the Department for further disposition.

005.19F Service Determination: The Commission shall, upon application of any certificated motor carrier or the Department, hear any dispute between the same with regard to the contested ability of the motor carrier to provide a specific service in a given case. The parties may agree to an informal conference between the carrier, Department, and the Commission's Transportation Department to facilitate a mutually agreeable resolution. If the parties cannot come to an agreement, either party may file a formal complaint with the Commission in the manner provided by law.

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

006.02 Type of Insurance: All motor carrier insurance required to be filed with the Commission will be continuous in nature, subject to cancellation by the insurer or the insured within thirty (30) days written notice to the Commission. Insurance for a specified term (e.g. six months or one year) will not be acceptable to meet the motor carrier insurance filing requirement of the Commission.

006.03 Insurance and Surety Bonds: Proof of coverage. Proof of adequate coverage by insurance or bond as required by 006.01 will be made by filing, in triplicate, a uniform motor carrier insurance filing or a uniform motor carrier surety bond filing in lieu of the policy of insurance or surety bond. Upon receipt by the Commission, the original and two copies will be stamped "Received"; one copy will be returned to the home office of the insurance or surety company, one copy will be forwarded to the insured, and the original will remain in the Commission files.

006.03A Types of Filings:

006.03A1 All liability insurance filings will be Form E, entitled: Uniform Motor Carrier Bodily Injury and Property Damage Liability Certificate of Insurance.

006.03A2 All liability surety bond filings will be Form G, entitled: Uniform Motor Carrier Bodily Injury and Property Damage Liability Surety Bond.

006.03A3 All cargo insurance filings will be Form H, entitled: Uniform Motor Carrier Cargo Certificate of Insurance.

006.03A4 All cargo surety bond filings will be Form J, entitled: Uniform Motor Carrier Cargo Surety Bond.

006.03A5 All insurance cancellation filings will be Form K, entitled: Uniform Notice of Cancellation of Motor Carrier Insurance Policies.

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

006.04 Name of Insured: Each insurance policy or bond will be written in the full and correct name of the individual, partnership, corporation or other person as shown on the insured's certificate or permit. All partners in a partnership will be named.

006.05 Liability of Insurance Company: Motor carrier insurance required under this article will provide:

006.05A The liability of the insurance company will extend only to the insured named in the policy and his employees notwithstanding any clause in the policy providing for additional insured.

006.05B The liability of the insurance company will not be affected by any provision in the policy or endorsement thereon or violation thereof by the insured, or by the financial condition of the insured.

006.05C The insurance company will be liable whether the loss, damage, injury or death occurs on the route or in the territory authorized to be served by the insured or elsewhere in Nebraska.

006.05D The insurance company will be liable within the limits of liability set out in 006.01 regardless of whether the motor vehicles or termini, warehouses or other facilities used in connection with the transportation of the cargo are specifically described in the policy or not.

006.05E The insurance company will pay, within the limits of liability set out in 006.01 any final judgment recovered against the insured for bodily injury to or death of any person (except employees of insured while engaged in the course of their employment), or loss or damage to property of others (except property leased or rented by the insured) which results from negligent operation, maintenance or use of motor vehicles under the certificates of public convenience and necessity or permit issued to the insured by the Commission.

006.05F The liability of the insurance company on each vehicle will be a continuing one notwithstanding any recovery under the schedule of limits set out in Section 006.01.

006.05G No provision contained in the policy or endorsement thereon, or violation thereof by the insured, will affect in any way the right

of any shipper or consignee to relieve the insurance company from liability for the payment of any claim for which the insured may be held legally liable to compensate shippers or consignees, irrespective of the financial condition of the insured.

006.06 Endorsement: Each policy of insurance or surety bond issued pursuant to these regulations will be endorsed by authorized personnel of such company.

006.07 Cancellation: Policies of insurance, surety bonds, and the certificates and endorsements thereof will not be cancelled and liability will not cease until after 30-days written notice by the insurer has been given to the Commission. Such 30-day period will commence on the date the cancellation filing, as set out in 006.03A, is received by the Commission.

006.08 Size: All insurance or surety bond filings will be on 8" x 5" stock.

006.09 Authorized Companies: No insurance policy or surety bond will be accepted by the Commission unless written by a company which has been granted a certificate of authority by the Department of Insurance of the State of Nebraska; or is a properly registered risk retention group as authorized under the Liability Risk Retention Act (15 U.S.C. sec. 3901, et seq.) as amended, and Neb. Rev. Stat. §44-4401, et. seq.; provided that when a carrier is, after diligent effort, unable to obtain an insurance policy or surety bond from an authorized company, or a registered risk retention group, such carrier may obtain a policy or bond from a non-admitted company within the provisions of Neb. Rev. Stat. §§44-139 to 44-147, R. R. S., 1943.

006.10 Self-Insurance; Qualification: A carrier may apply to qualify as a self-insurer upon furnishing the Commission a true and accurate statement of its financial condition and any other evidence which will establish to the Commission's satisfaction the ability of the carrier to meet the requirements imposed by 006.01 without adversely affecting the carrier's financial stability.

006.11 Deposit of Securities: The Commission may require any carrier qualifying as a self-insurer to deposit securities, in any amount up to the requirements of 006.01 with any financial institution within this state.

006.12 Withdrawal: Any carrier may withdraw its qualifications as self-insurer, upon written notice to the Commission and compliance with the provisions of 006.03.

006.13 Commission Revocation: The Commission may revoke its approval of any

insurance policy, surety bond, or qualification as a self-insurer, if, in its judgement, such security no longer complies with these regulations, or fails to provide satisfactory or adequate protection for the public.

007 ACCOUNTING AND STATISTICAL INFORMATION:

007.01 Scope: Common and contract motor carriers of property and passengers shall file annual accounting information with the Commission as hereinafter prescribed. Interstate and intrastate motor carriers shall file a report only on motor carrier operations. All motor carriers with total motor carrier operating revenues of less than \$250,000 are exempt from filing, except that new applicants shall be required to file for three consecutive years.

007.02 Filing: One verified copy of the report will be filed with the Commission, on or before April 30 of each year. All motor carriers required to file an annual accounting report with the Interstate Commerce Commission, will furnish the Commission a copy of annual reports furnished the ICC.

007.03 Compliance: Carriers whose reports are not acceptable remain liable for submitting revised reports. Willful failure to file a satisfactory and timely report constitutes grounds for the institution of revocation or other proceedings against carriers.

008 LEASING AND INTERCHANGE OF EQUIPMENT:

008.01 Scope: Common or contract carriers may engage in leasing only as provided by these rules. Single source leasing of equipment and driver(s) of which the lessee is not the owner is permitted only in accordance with these leasing rules. Failure to observe the provisions of a lease and/or its preparation shall be a violation of these rules. Leases filed with the Commission pursuant to the provisions of 008 shall be retained by the Commission, the Lessor, and the Lessee for three years after cancellation and then discarded. The following rules and regulations will apply to: Leasing of equipment by common or contract carriers with or without drivers (008.02); Interchange of equipment between authorized common or contract carriers (008.03); Standards for single source leasing (008.04).

008.02 Leasing Equipment: Common or contract carriers may lease equipment which they do not own to augment their existing equipment, other than that exchanged between motor carriers in interchange service, only under the following conditions:

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

008.02A Each lease for the use of equipment shall:

008.02A1 Be made between the lessor and lessee;

008.02A2 Be in writing and signed by the parties thereto, or their duly authorized agents;

008.02A3 Specify the period for which the lease applies; and the time, date, or circumstance on which the lease begins and ends, the duration of which will coincide with the time for giving receipts for the equipment, as required by 008.02B;

008.02A4 Specify the compensation to be paid by the lessee for the equipment;

008.02A5 Provide for the exclusive possession, control, and use of the equipment, and for the complete assumption of responsibility in respect thereto, by the lessee for the duration of the lease;

008.02A6 Notwithstanding the provision of 008.02A5, a common or contract carrier lessee of equipment may subsequently lease that leased equipment to another common or contract carrier without being in violation of these rules if the subsequent lease also conforms to the provisions of 008.02;

008.02A7 Provide that the lessee shall be responsible for carrying the insurance required by the NPSC notwithstanding any agreement between the parties that the lessor shall hold the lessee harmless and provide certain insurance covering the lessee;

008.02A8 Be approved by the Commission;

008.02A9 Be executed in quadruplicate, with all copies filed with the Commission to be stamped for approval; one copy will be retained by the Commission and the other three returned to the lessee; the lessee shall: retain one copy for itself, carry one copy on the equipment and send the remaining copy to the lessor for retention.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

008.02B When possession of equipment is taken by lessee, the lessee shall give to the lessor a receipt specifically identifying the equipment and stating the date and time of day possession thereof is taken. When the possession by the lessee ends, the lessee shall obtain from the lessor a receipt specifically identifying the equipment and stating the date and time of day possession thereof is taken.

008.02C It will be the duty of the lessee before taking possession of equipment, to inspect same in order to insure that said equipment complies with 005 Safety Regulations. The person making the inspection will certify the results thereof in a report which shall be retained by the lessee for the duration of the lease. When equipment other than a power unit is leased, any form of report applicable to such equipment may be used. If the inspection discloses that the equipment does not comply with the requirements of 005, possession thereof will not be taken. In all instances in which this inspection is made, the lessee shall certify on the report that the person making the inspection is competent and qualified to make such inspection as a representative of the lessee.

008.02D The lessee shall identify the leased equipment during the duration of the lease in accordance with 004. Before relinquishing possession of the equipment to the lessor, the lessee shall remove any legend, PSC plates, or other signs displayed on such equipment showing it as the operating carrier. If a removable device is used to identify the lessee as the operating carrier, such device shall be on durable material such as wood, metal, or plastic. When a power unit owned by a lessor holding operating authority from the Commission is leased, the PSC plates and the cab card belonging to the lessor may remain on/in the power unit.

008.02E Before any person other than a regular employee of the lessee is assigned to drive equipment operated under these rules, the lessee shall make certain that the driver is familiar with, and that employment does not result in any violation of the provisions of 005. The driver shall furnish to the lessee a certificate of physical examination in accordance with 005.02.

008.02F Each lessee who utilizes equipment under these rules shall prepare and retain for one year, a document covering each trip for

which the equipment is used. This document will contain the name and address of the lessor, the point of origin, the commodity carried, the time and date of departure, the point of final destination, and the lessee's certificate or permit number which has been affixed to the equipment. Bills of lading, way-bills, freight-bills, manifests, or other paper identifying the lading will be carried on the equipment during use. These documents will clearly indicate that the property carried is under lessee's responsibility. Copies of these documents will be kept by the lessee for three years.

008.03 Interchange of Equipment: For the purposes of this section, the common or contract carrier leasing the equipment to another common or contract carrier is referred to as the transferor, and the common or contract carrier which takes possession of the equipment in the interchange is referred to as the transferee. Common or contract carriers may interchange equipment with one or more other common or contract carriers only under the following conditions:

008.03A Written Agreement: The written contract, lease or other arrangement providing for interchange, hereinafter referred to as the written agreement, shall specify in a readily apparent manner that it is an interchange agreement and shall:

008.03A1 Describe specifically the equipment to be interchanged and specify the point or points at which the interchange is to take place;

008.03A2 Specify the use to be made of the equipment and the consideration for the use;

008.03A3 Be signed by the parties to the written agreement or their duly authorized agents; and

008.03A4 Be executed in quadruplicate, with all copies filed with the Commission to be stamped for approval; one copy will be retained by the Commission and the other three returned to the transferee; the transferee shall: retain one copy for itself, carry one copy on the equipment and send the remaining copy to the transferor for retention.

008.03B In order to engage in the interchange of equipment, the certificates or permits held by transferee and transferor must authorize the transportation of the commodities proposed to be

transported in the movement, and must authorize service from and to the point where the physical interchange occurs.

008.03C Traffic transported under interchange service will move by means of through bills of lading issued by the originating carrier, and the rates charged and revenues collected must be accounted for in the same manner as if there had been no interchange of equipment. Charges for the use of the equipment will be kept separate and distinct from the divisions of the joint rates or the proportions thereof accruing to the carriers.

008.03D The transferee shall have the equipment inspected in the manner provided for in 008.02C. Equipment which does not comply with the safety regulations will not be operated until the defects have been corrected.

008.03E A common or contract carrier which operates a power unit in interchange service as the transferee shall identify such equipment in accordance with 004. Upon completion of the interchange agreement, the transferee shall remove any PSC plate, legend or signs showing the transferee as the operating carrier, before relinquishing possession of the equipment.

008.03F A PSC plate need not be purchased by the transferee if the PSC plate purchased for the power unit by the transferor remains on the power unit.

008.03G The transferee of equipment on a through movement involving two or more carriers will be considered the owner of the equipment for the purpose of leasing the equipment for movement to destination or return to the originating carrier.

008.04 Single Source Leasing: A regulated lessor or unregulated lessor may lease equipment and driver(s) to a shipper which is not a motor carrier without being in violation of Chapter 75, articles 1 and 3 of the Nebraska statutes, as amended, and the provisions of these rules, provided the lessor leases its equipment and driver(s) in accordance with the following criteria which the Commission has established to determine whether a shipper is a private carrier bearing the characteristic burdens of transportation and is operating without violating the Motor Carrier Act. These minimum criteria must be met in a lease of equipment and driver(s) to a shipper in order to have the arrangement viewed as private carriage conducted by the shipper lessee. If actual operations conducted under the lease accurately reflect the

established criteria, a presumption will arise that the transportation being performed is private carriage controlled by the shipper. This presumption may be rebutted with a showing that actual operations, in any respect, tend to weaken the control and responsibility required of a shipper lessee when conducting transportation operations with equipment and driver(s) leased from a single source.

008.04A The lease must be in writing;

008.04B The term of the lease must be at least 30 days;

008.04C The lease agreement must provide, and the surrounding facts must reflect, that the leased equipment and driver(s) are exclusively committed to the lessee's use for the term of the lease and for any purpose consistent with the provisions of the lease;

008.04D The lease agreement must provide, and the surrounding facts and actual operations must show, that the lessee:

008.04D1 Accepts, possesses and exercises exclusive dominion and control over the transportation service;

008.04D2 Assumes responsibility for the operation of the equipment during the term of the lease; and

008.04D3 Displays identification on the leased equipment showing the lessee to be the operator. If a removable device is used to identify the lessee as the operating carrier, such device shall be on durable material such as wood, metal, or plastic.

008.04E The lessor or lessee shall maintain public liability insurance in amounts required by law and, in the absence of such insurance coverage, the lessee shall accept responsibility to the public for any injury to persons or damage to property sustained during the performance of any transportation with leased equipment and drivers;

008.04E1 The lessor or lessee must make a Form E insurance filing, a Form G surety bond filing with the Commission, or provide the Commission with proof of self-insurance satisfying the provisions of 006 prior to any operation.

008.04F The lessee must accept responsibility for, and bear the cost of, compliance with safety regulations and other requirements imposed by federal, state and local agencies during performance by it of any transportation service.

008.04G The lessor or lessee agrees to maintain in effect, throughout the period of the lease, adequate cargo loss and damage insurance coverage covering the property being transported and, in the absence of such insurance coverage, the lessee remains liable for such cargo damage and/or loss.

008.04H The parties to the lease must comply with the applicable Nebraska Sales Tax/Use Tax statutes and Department of Revenue regulations.

008.04I The following language, inserted into a lease of equipment and driver(s) between a lessor and a shipper or private carrier, meets the criteria specified in this rule for the performance of private carriage by a shipper or private carrier utilizing unregulated equipment and drivers from a single source, and raises a rebuttable presumption of private carriage, exempt from Commission jurisdiction.

008.04I1 The period for which the lease applies shall be for 30 days or more;

008.04I2 The equipment and driver(s) subject to the lease shall be exclusively committed to the Lessee's use for the term of the lease;

008.04I3 During the term of the lease, the Lessee shall accept, possess, and exercise exclusive dominion and control over the leased equipment and driver(s). The Lessee shall further assume complete responsibility for the operation of the equipment;

008.04I4 The Lessor or Lessee shall maintain public liability insurance, in amounts required by law and, in the absence of such insurance coverage, the Lessee shall otherwise accept responsibility to the public for any injury to persons or damage to property sustained during the performance by it of any transportation with leased equipment and drivers;

008.04I5 The Lessee agrees to display appropriate identification on all equipment leased by it, showing operation by the Lessee during the performance of such transportation;

008.04I6 During performance by it of transportation, the Lessee shall accept responsibility for, and bear the cost of, compliance with safety and other requirements imposed by federal, state and local agencies. This includes, but shall not be limited to, compliance with driver's hours-of-service rules, driver licensing, acquisition of applicable permits, and length and weight requirements;

008.04I7 The Lessor or Lessee agrees to maintain in effect, throughout the period of the lease, adequate cargo loss and damage insurance coverage covering the property being transported and, in the absence of such insurance coverage, the Lessee shall remain liable for such cargo damage and/or loss; and

008.04I8 The parties to the lease shall comply with the applicable Nebraska Sales Tax/Use Tax statutes and Department of Revenue regulations.

008.04J The lease shall be:

008.04J1 Executed in quadruplicate, with all copies filed with the Commission to be stamped for approval; one copy will be retained by the Commission and the other three returned to the lessee; the lessee shall retain one copy for itself, carry one copy on the equipment and send the remaining copy to the lessor for retention;

008.04J2 The parties to a single source lease may specify the compensation for the lease arrangement in an appendix to which the lease makes reference. The appendix need not be filed with Commission. However, the Commission reserves the opportunity to examine the appendix upon demand.

008.04K The Commission shall examine all surrounding facts and circumstances and the actual conduct of operations under the lease to ascertain if the true substance of the arrangement is in accord with

that recited in the formal lease.

009 C. O. D. REGULATIONS AND FORMS:

009.01 Bond Required: A bond in the amount of \$2,500 protecting the shipper, the originating and the intermediate carriers will be required of all common carriers of property intrastate in Nebraska handling C. O. D. shipments and a certificate signed by the authorized representative of the bonding company will be filed with the Commission.

009.02 Monthly Reports: Monthly reports will be made to the Commission pertaining to C. O. D. collections which have not been remitted within the ten day period allowed and said reports shall contain the following information as to each such unremitted collection:

009.02A Date of Bill of Lading.

009.02B Name and address of shipper or other person designated as payee.

009.02C Name and address of consignee.

009.02D Amount of C. O. D. collection.

009.02E Date collected by delivering carrier.

009.02F Reason for failure to remit within ten days after collection.

009.03 Manner of C. O. D. Payment: All C. O. D. collections will be made only in cash, certified check, postal or express money order, bank draft or cashier's check, for the amount designated on the bill of lading or other shipping papers and will be made payable to the shipper or party entitled to receive the returns as determined from bills of lading. If shipment is handled in an interline movement, such certified check, postal or express money order, bank draft, or cashier's check will be forwarded directly to the shipper, consignor, or other person designated payee. The recipient will notify the originating carrier of the remittance so that the carrier may properly clear its records.

009.04 Forms: The surety company will file with the Commission the Certificate of Motor Carrier C. O. D. Remittance Bond on Form M-16. One copy

will be retained by the Commission, one copy will be sent to the principal, and one copy will be returned to the surety company.

010 TAXICABS AND LIMOUSINES:

010.01 Taxi, Limousine and Open Class Services: For purposes of these rules:

010.01A Taxi service shall consist of all of the following elements: (i) the business of carrying passengers for hire by a vehicle, subject to the provisions of Rule 011.01D, (ii) along the most direct route between the points of origin and destination or a route under the control of the person who hired the vehicle and not over a defined regular route, (iii) on a prearranged or demand basis, (iv) at a metered, mileage based or per trip fare according to the provisions of 011.01F, (v) commencing within, and/or restricted to, a defined geographic area.

010.01B Limousine service shall consist of all of the following elements: (i) the business of carrying passengers for hire by a vehicle, (ii) along a route under the control of the person who hired the vehicle and not over a defined regular route, (iii) on a prearranged and not on a demand basis, (iv) at a premium fare.

010.01C Open class service shall consist of all of the following elements: (i) the business of carrying passengers for hire by a vehicle, (ii) along the most direct route between the points of origin and destination or along a route under the control of the person who hired the vehicle and not over a defined regular route, (iii) at a mileage based or per trip fare.

010.02 In addition to the other applicable Motor Carrier Rules in Chapter 3, the following provisions apply to the provision of taxi, limousine and open class service, unless otherwise specified:

010.02A The Commission may, based on the record before it in an application proceeding, restrict the authority granted by type of vehicle, geographic territory, commencement point or termination point, or on any other lawful factor which the Commission may determine is necessary and reasonable and in the public interest.

010.02B No carrier shall transport railroad crews or their baggage absent a special designation from the Commission giving such carrier

the authority to transport such crews and their baggage.

010.02C No carrier shall transport passengers under contract with the Nebraska Department of Health and Human Services ("HHS") or any contractors of HHS absent specific authorization from the Commission.

In order to receive such authorization, the applying carrier must demonstrate that such authorization is or will be required by the present or future convenience and necessity separate and apart from the present or future convenience and necessity demonstrated on the underlying certificate of authority. Authorization to transport HHS clientele shall not be available or granted to carriers that only have Limousine Service authority.

010.02D All taxicabs and limousines shall be owned by, and registered in, the name of the certificate holder, except that the certificate holder may engage in equipment leasing as provided by 008.02.

010.02E If a person applies for carriage and is willing to tender the fare, each operator shall convey such person to his or her destination, unless:

010.02E1 The vehicle is already engaged;

010.02E2 The passenger is in such condition of health or uncleanness that carriage in such vehicle would be a violation of any law;

010.02E3 The sobriety or behavior of the passenger is such that he or she poses a safety risk to the operator, other passengers, or the vehicle is in danger of being damaged; or

010.02E4 The point of origin or destination or immediate approach thereto is impassable or dangerous by reason of any major unforeseen eventuality.

010.02F Operators may solicit passengers only at city established taxicab stands, while seated in the drivers seat, or while standing beside the vehicle. Passengers will not be solicited by outcries or hawking.

010.02G Hours of Service: Notwithstanding 005.05, no driver of a

taxicab or limousine shall operate one or more vehicles for a period of more than twelve (12) hours during each twenty-four (24) hour period, except when such vehicle is employed to transport a passenger to a point outside the local community.

010.02H In addition to complying with the minimum qualifications for driving a motor vehicle subject to Commission jurisdiction required by 005.01, all operators shall:

010.02H1 Be competent to conduct the service carefully and courteously;

010.02H2 Not smoke while transporting passengers, except with their permission;

010.02H3 Notwithstanding 005.01E, be within the ages of twenty-one (21) and seventy (70); except that the Commission may waive this provision for an operator who has reached his or her seventy-first (71) birth date if the taxicab or limousine carrier desiring to employ the operator can show that such operator is insurable, has no medical or other disability which prevents him or her from safely and effectively operating the taxicab or limousine, and has a driving record satisfactory to the Commission. Any such waiver obtained shall be renewed annually thereafter and shall be accompanied by an annual medical certificate complying with the provisions of 005.02; and

010.02H4 Comply with all applicable municipal ordinances relating to the qualification of taxicab operators, which are not in conflict with the provisions herein.

010.02I Both taxicabs and limousines shall be operated with a PSC plate attached to each vehicle in compliance with 004.03B1.

010.02J Each vehicle at all times shall be kept in proper physical and mechanical condition so as to render safe and comfortable public service, as may be determined by the Commission.

010.02K Each taxicab and limousine carrier shall retain articles left in vehicles by passengers for thirty (30) days. Upon request from any passenger, the carrier shall make a reasonable search for any article

left in a vehicle.

010.02L Taxicab and Limousine carriers shall institute aggressive safety programs and regularly instruct all operators on applicable safety ordinances and statutes.

010.02M Representatives of the Commission, upon displaying identification, may at any time enter the carrier's operating premises or into or upon such vehicle to ascertain whether any statute, rule, or regulation has been violated.

010.02M1 If a vehicle is found to be in violation, the vehicle may be ordered out of service for deficiency correction and the vehicle shall not resume operation until the deficiency is corrected.

010.02N Regardless of whether a limousine or taxicab carrier must file with the Commission the Accounting and Statistical Information required by 007, the carrier shall, at the end of each calendar year, prepare and retain at its operating premises an annual report showing the revenues and expenses for the year, and the property owned, including leased motor vehicle equipment, together with the other information required by the Commission in 007.

010.020 Limousine carriers shall maintain a trip log.

010.0201 The log shall contain the following information:

010.0201a The name of the individual engaging the limousine and his or her address;

010.0201b The address of the point of pickup and the point of destination and the times they occurred;

010.0201c The hours of service contracted for; and

010.0201d The amount charged and collected.

010.0202 All entries shall be made legibly and shall be signed by the driver at the conclusion of the carriage service. Such records shall be retained by the limousine carrier for two (2) years from the date they are made.

010.0203 Upon proper application or petition from a limousine carrier, the Commission may waive the provisions of 010.01L provided the limousine carrier keeps records of a similar nature showing the points of origin and destination, the date and time the limousine was dispatched, and the name and address of the individual engaging the limousine.

010.02P Each vehicle used as a limousine shall be a closed sedan; except that upon showing that a different vehicle will serve as well or better, the Commission may waive this requirement and issue an PSC plate.

010.02Q The provisions of 004.04 do not apply to limousine carriers.

011 PROVISIONS FOR TAXICABS ONLY:

011.01 The following provisions apply to the operations of taxicabs only:

011.01A No more than seven persons, including the driver, will be carried in any vehicle. Whenever any vehicle is occupied by a fare-paying passenger, the operator shall permit no other person to occupy the vehicle except with the consent of the fare-paying passenger. Passengers will be informed of this provision by a card, posted inside the vehicle, stating the schedule of rates and charges for that vicinity, and in the following form:

"FOR YOUR PROTECTION:

You, as the first passenger in this taxicab, are the one to decide who will ride with you. Unless it is at your request or with your consent, this cab driver is prohibited by law from accepting additional passengers. Schedule of rates authorized for taxicabs operating in (Name of Town) is (Copy from Commission order setting rates for that vicinity).

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

011.01B Each vehicle will be operated over the most direct and reasonable route from point of pickup of passengers to the point of destination of passengers.

011.01C Notwithstanding the provisions of 004.04, each taxicab carrier shall have its full or trade name and assigned "B" number permanently placed on each side of the taxicab in letters at least two inches high. The word "taxicab" shall also appear conspicuously on the sides of the vehicle unless the word "cab" or "taxicab" is included within the name of the carrier. The fleet number of each vehicle shall be displayed in figures not less than two inches high in the forward part of the passenger compartment and also on the sides and rear of each vehicle. None of the markings described in this subdivision shall be placed on any glass or on the bumper of the taxicab vehicle.

011.01D Each vehicle used as a taxicab shall be a four-door, closed sedan; except, that upon showing that a different vehicle will serve as well or better, the Commission may waive this requirement.

011.01E Each vehicle shall be equipped with:

011.01E1 A dome light within the passenger compartment of the vehicle capable of being turned on or off by passengers, or controlled by operation of the doors; and

011.01E2 An identity light attached to the top of the vehicle. The light shall be in one unit consisting of an illuminated plate or cylinder upon which is printed the word "taxicab", "taxi", "cab", "for hire", or the owner's trade name. The size of such light shall not exceed eight inches (8") in height nor twenty-three inches (23") in length. Loading or bug lights may be attached to the upper portion of a vehicle. If used, such lights shall be smaller than the identity light and shall be illuminated when the vehicle is engaged.

011.01F A carrier which operates in municipalities of 15,000 or more, as determined by the official U.S. Census, or between municipalities

not more than five miles apart, whose aggregate population exceeds 15,000, shall equip its vehicles with taximeters satisfactory to the Commission. The Commission may, at any time, require any carrier operating in any community of less than 15,000 population to equip its vehicles with taximeters. Taximeters are subject to the following specifications:

011.01F1 No taximeter shall be operated without first having been inspected, tested, approved and sealed by a representative of the Commission or a duly authorized representative of the taxicab company.

011.01F2 Each meter shall be sealed during the time the vehicle is in the service of the taxicab carrier. Each meter shall be sealed with either a wire and lead seal bearing the letters "NPSC," or, at the discretion of the Commission representative, with a sticker bearing the letters "NPSC." This seal will be affixed only by a person duly authorized by the Commission.

011.01F3 Taximeters shall be mounted and connected to the transmission or speedometer in an approved manner. In case of dashboard mounting, the meter shall be located so as not to obstruct the view of the operator, or cause undue hazard to passengers. All taximeters shall be placed so that the dial or faceplate showing the amount charged is well lighted and readily visible to passengers riding in the vehicle.

011.01F4 Periodic tests of meters shall be made by representatives of the Commission. A meter with an error in registration not exceeding three percent of the distance covered by each meter drop shall be considered correct. Otherwise, the requirements for approval of, and methods for, testing the taximeters will conform to "Specifications and Tolerances of Taximeters" as set out in National Bureau of Standards Handbook, H44, 2nd Ed., 1955, as amended.

011.01F5 After a meter has been tested, approved and sealed, a different tire size shall not be affixed to the vehicle, without re-testing the meter.

011.01F6 Each taxicab shall be equipped with a device or

011.01F6b Visible to a passenger inside the taxicab which indicates whether the taximeter is in position to record a fare.

011.01G Trip Sheets:

011.01G1 The operator of each taxicab shall keep a trip sheet upon which the driver shall enter for each engagement the points of origin and destination, the time of beginning and completion, the fare collected, the number of passengers, and the fleet number of the taxicab being operated. The trip sheet shall be immediately completed after each engagement. All entries will be made legibly and the trip sheet will be signed by the driver.

011.01G2 Such records shall be retained for two years from the date they are made. However, upon proper application or petition from a taxicab carrier, the Commission may waive this provision provided the taxicab carrier keeps records of a similar nature showing the points of origin and destination, the time the taxicab was dispatched, the fleet number of the taxicab being operated, and such records are maintained for a period of two years from the date they are made.

011.01H Each operator shall be identified by a card, displayed in full view of the passengers, bearing the operator's name and photograph and the taxicab carrier's address; and be further identified by some distinguishing article of uniform. Such uniform design is left to the discretion of the carrier.

011.01I No taxicab will be equipped with shades, curtains, or window-tinting which shields the occupants or the operator from observation.

011.01J Upon demand of any passenger, a receipt for services will be delivered at the time of payment. Such receipt will contain the name

012 CONTRACT AND CHARTER SERVICE:

012.01 The provisions of 012 will apply to all charter and special party carriers or contract carriers of property or passengers.

012.02 Contract Carriers: The provisions of this sub-section will apply only to carriers transporting property or passengers under contract agreements with a single or limited number of shippers for a series of transportation services over a period of time rather than a single shipment. These carriers are those who do not hold themselves out to serve the public generally.

012.02A A true copy of every contract for transportation services by a carrier subject to the provisions of this subsection will be filed with the Commission before any transportation begins thereunder. Contracts will be preserved by the carriers so long as such contracts are in force, and for at least one year thereafter.

012.02B The contract will be between the carrier and the person who pays the transportation charges, who must be either the consignor or consignee.

012.02C The contract will:

012.02C1 Be in writing;

012.02C2 Provide for transportation for a particular shipper or shippers;

012.02C3 Cover a series of shipments during a stated period of time in contrast to contracts of carriage governing individual shipments; and

012.02C4 Be bilateral and impose specific obligations upon both carrier and shipper or shippers.

012.02D Schedules:

012.02D1 Schedules containing the actual rates or charges of such carrier for the transportation of passengers or property in intrastate commerce will be filed with and approved by the Commission, published, posted, and kept open for public inspection. In the event such rates are changed after a permit is issued, the carrier shall file a new schedule with the Commission 10 days before the effective date of such rates or charges.

012.02D2 Each contract carrier shall maintain a document covering each shipment, and shall cause to be shown on the face of each document (be it freight bill, bill of lading, shipping manifest, or other document) the following:

012.02D2a The names of the consignor and consignee;

012.02D2b The date of the shipment;

012.02D2c The number of packages, description of the articles, and weight, volume or measurement of the property (if the lawfully applicable rates or charges are published to apply per unit of weight, volume or measurement);

012.02D2d The exact rate or rates assessed; and,

012.02D2e The total charges to be collected including a statement of the nature and amount of any charges for special service and the points at which the special service was rendered.

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

012.03 Charter and Special Party Service: The provisions of this section will apply only to carriers of charter parties (groups of seven or more persons who collectively contract for transportation on a particular trip, paying one lump sum) and special parties (groups of persons who individually contract for transportation to a common destination, each person paying an individual sum).

012.03A A common carrier may originate charter service at any point on its regular route, and at any point not served by another carrier within five miles of its regular route. Points more than five miles from the regular route of any other carrier will be open territory for the purpose of originating charter service.

012.03B Charter or special parties may be transported to any point in this state; except that carriers authorized to transport passengers wholly within a five mile radius of the limits of any city shall be prohibited from conducting parties to points beyond a 15 mile radius of such city limits.

012.03C No charter or special party operations will be conducted between the same points or over the same route so frequently as to constitute a regular or scheduled service.

012.03D Special party operations will not be conducted:

012.03D1 Between points on the route of another route carrier unless such route is also authorized in the certificate of the first carrier;

012.03D2 Within five miles of the corporate limits of any municipality if there is a certified carrier operating within that municipality.

012.03E Carriers holding certificates restricted to charter party or sightseeing operations will be prohibited from performing special party operations.

012.03F Each vehicle used in a charter or special party operation will be so designated by a sign on the front of such vehicle.

012.03G Each carrier shall file with the Commission a tariff of rates for the transportation of parties, and charges for dead head mileage

which shall be approved by the Commission before it is implemented. The tariff will also indicate at what points the carrier has equipment available for charter party service. No equipment will be held out as available at any non-authorized point.

012.03H Each carrier shall prepare a report with the following contents, and file two copies of the same with the Commission; provided that a report in the form required by the Interstate Commerce Commission will satisfy the requirements of this section:

012.03H1 Name of carrier;

012.03H2 Business address;

012.03H3 Application Number;

012.03H4 B-.....;

012.03H5 Service performed (charter, special);

012.03H6 Dates of trip;

012.03H7 Group or party served;

012.03H8 Route traveled (give full address or description);

012.03H9 Mileage (governed by National Mileage Guide A-251-C or successive issued thereof);

012.03H10 Fare or charge (itemize);

012.03H11 Public transportation available between the points served.

013 INTERSTATE MOTOR CARRIER OPERATIONS:

013.01 Registration: The purpose of this section is to require motor carriers who conduct multi-state operations to register with the Commission the nature and extent of their operation in Nebraska.

013.02 Who Is Required to Register: Each ICC common or contract, private and exempt carrier who operates within Nebraska and who does not hold operating

EFFECTIVE DATE: December 14, 2003

LAST ISSUE DATE: May 31, 1993

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

authority from the Commission must register with the Commission. Any common or contract carrier who operates within Nebraska in intrastate commerce and holds operating authority from this Commission will be exempt from the registration fee provided in Subsection 013.08C, but must pay the per vehicle fee prescribed for credentials on vehicles which do not display a PSC plate.

013.03 Registration Required: Each motor carrier required to register under Subsection 013.02 shall not operate within the borders of this state unless a current record of its authority issued by the ICC permitting operation within this state, or the nature and extent of its exempt or private carriage operations, is on file with this Commission. Each carrier must be in compliance with all other requirements of Section 013.

013.04 Authority Required: A motor carrier is required only to file that portion of its ICC authority, or nature and extent of its operations affecting this state, and must file a supplemental application reporting any change in name or scope of operation which affects this state.

013.05 Temporary and Emergency Authority: An ICC motor carrier will not be required to file with this Commission an emergency or temporary operating authority having a duration of 30 consecutive days or less if the carrier has registered its other authority and identified its vehicle or driveway operation under the provisions of Subsection 013.03.

013.06 Temporary Permission: A carrier who did not anticipate passage through this state may make one trip and return, but such carrier will not be given additional authority until all the requirements of Section 013 have been met.

013.07 Duplicate Applications Required: Each application for interstate registration will be filed in duplicate with the agent.

013.08 Application Form and Fees:

013.08A The application for registration of operation and any supplemental applications must be filed on forms provided by the Commission.

013.08B The application must be duly completed and executed by an official of the motor carrier.

013.08C The original or supplemental application for registration

must be accompanied by a fee of \$25.00, unless the carrier is registered through a base state program which provides for an exemption from a registration fee.

013.08D An ICC regulated motor carrier must also submit, with its application for registration, a copy of its ICC operating authority.

013.09 Vehicle Registration and Identification Credentials: An ICC motor carrier shall not operate a vehicle or engage in driveaway operations within this state unless the vehicle or driveaway operation has been registered and is in compliance with all other requirements of Section 013.

013.10 When Carrier Must Register: On or before the 31st day of December of each calendar year, but not earlier than the preceding first day of October, the motor carrier must apply to the agent for identification credentials for registration and identification of each vehicle it intends to operate, or driveaway operation it intends to conduct, within this state during the ensuing year. Credentials must be in the vehicle by February first for each vehicle operated prior to December 31st of the previous year.

013.11 Issuance of Credentials: At the time of registration, and thereafter at the time of annual renewal of the credentials, the appropriate amount will be billed to each carrier. The amount charged will depend upon the state of domicile of the carrier from the address shown on its application.

013.12 Credentials as Identification: An identification credential issued or assigned under the provisions of Subsection 013.10 will be used for the purpose of registering and identifying a vehicle or driveaway as being operated or conducted by an ICC motor carrier and will not be used to distinguish between a vehicle operated by the same motor carrier. A motor carrier who receives an identification credential under the provisions of Subsection 013.10 shall not knowingly permit the use of same by any other person or organization.

013.13 Leased Vehicles: Each unit leased for more than 30 days must have proof of the existence of a valid lease with the vehicle for which the lease exists.

013.14 Termination: The registration and identification of the vehicle or

driveaway operation under the provisions of this section and the identification credential will become void on the first day of February in the succeeding calendar year unless such registration is terminated prior thereto.

013.15 Form and Fees: The application for an identification credential for an ICC regulated carrier and for an exempt or private carrier must be filed on the form provided by the Commission.

013.16 Identification Credential: The identification credential issued will bear its name or symbol and other distinctive markings or information as the Commission may deem appropriate.

013.17 Presentation of Credential: The identification credential will, upon demand, be presented by the driver to any authorized government personnel for inspection.

013.18 Interim Operation: Interim operations may be conducted by an applicant if the Commission fails to act upon any filing under any section of this article within 30 days after receipt of its application, proper forms, and appropriate fees due. The motor carrier, for whose benefit such filing was made, may begin operations within this state in such manner as would have been otherwise authorized if the filing had been acted upon favorably by the Commission within such 30 day period and such motor carrier may continue such operation under the provisions of this section until such time as the Commission acts upon such filing.

013.19 Insurance: Each ICC common or contract, private and exempt carrier shall comply with Section 006 of these rules and regulations or those included sections which apply to them and shall file the proper forms with their application, except no proof of cargo insurance need be submitted to qualify under the provisions of this section.

013.20 Nebraska Interstate Registration Agent: The agent may:

013.20A Collect an additional fee not to exceed fifty cents per motor vehicle registered.

013.20B Withdraw from the capacity and duties assigned to such agent upon 60 days written notice to the Commission; otherwise, the Commission may withdraw its approval of the agent upon 60 days written notice.

The agent shall:

LAST ISSUE DATE: May 31, 1993

TITLE 291 - NEBRASKA PUBLIC SERVICE COMMISSION

CHAPTER 3 - MOTOR CARRIER RULES AND REGULATIONS

013.20C Tender all Nebraska domiciled carrier applications to the Commission immediately upon receipt.

013.20D See that each application from non-Nebraska domiciled carriers tendered to the Commission is in proper form.

013.20E Deliver to the Commission offices immediately such applications as have reached the agent.

013.20F Submit to the Commission the fees which properly accompany non-Nebraska domiciled applications. Such fees shall be due at the time the application is tendered to the Commission for its approval.

013.21 Violations; Violations Declared Unlawful; Criminal Penalties; Civil Remedies: Any person knowingly and willfully violating any provision of the Nebraska State Statutes Sections 75-348 to 75-358, any rule or regulation of the Commission, or any term or condition of any registration, will be guilty of a Class IV misdemeanor and will also be subject to the provisions of the Nebraska State Statutes Sections 75-322.02 to 75-322.04. Each day of such violation shall constitute a separate offense.
